

## The Afolabi Family Update

**ABWE Celebrates  
50 Years in Togo**

*Greetings* from Togo!

In March, we gathered to praise God for the work He's done in Togo through ABWE these past 50 years. By God's grace, *over 200 churches have been planted, two hospitals started and running, a school for the blind was established, multiple Christian schools started and pastors being trained in 3 different locations and much more.*

*Over 4,000 people, including government officials,* gathered to celebrate and honor God for His faithfulness. The Gospel was shared during the celebration and the focus was not on what we've done, but *what God has done.*

We want to say **THANK YOU!** Without your support, prayers, and encouragement, we would not be able to continue with our ministry in Togo and serve the Lord here.

God bless!
