

ANDERSONS to CANTABRIA, *Spain*

Post-op exercises

We are thankful to God for his many blessings. Although we have had our challenges in the last couple of months we are so thankful for some great news. Katie finally was able to get her surgery on May 13. This has been a long time coming. After several delays and scheduling complications she was able to go get her left hip operated on. At first Katie was told she wouldn't be able to travel until 3 months post-op. That would have made her return delayed until September. However, after her last post-op she was told she is healing so well she can travel at the end of July! So, she has been working on healing and strengthening herself so she can travel back to Spain on the 23. Praise God for this.

We were also blessed to have a new granddaughter (Harper) born on June 21 in Ohio. Katie and Faith were able to help out with the other grandkids and spend some time with this precious new member of our family.

Welcome Harper!!

In May and June we have had more opportunities to share the gospel with friends and neighbors here in Spain. Nobody has received Christ as their savior (yet) but it is evident God is doing work in the hearts and minds of the people around us. We have purchased some Spanish Bibles and are planning to distribute them to some of the people we have been talking to that have shown an interest in what the Bible has to say. Please pray that they would be accepted well and that the people would have a desire to read them and want to know more about how to be saved.

Last month a neighbor invited me to play Golf. I am not much of a golfer but in the interest of spending some time with him I decided to try it out. When we arrived at the course we went into the clubhouse to pay. The workers asked to see my "Golf License". I was a little confused and asked what they meant. Turns out you need to have government approved golf license to play in Spain. Normally this requires a two week training course and a test to see how well you know the rules. Fortunately, my friend help negotiate me out of the two week training and I was able to pass the test the following week. A lot of work to be able to play a round of golf! But in the end, it is not the game that matters but the opportunity to make connections and share the love of Christ with them.

Spanish Bibles

It is time to renew our visas again. With Katie and Faith being out of the country so long, I hired an immigration lawyer to help us with the process this time. Please pray there would be no complications with them returning in July.

God bless you all - The Andersons
