

# ANDERSONS to CANTABRIA, *Spain*

Faith's Birthday

Our Neighbors

LaChicoria

Abby and Ryan

Sound equipment

Iberian Peninsula  
Missionaries

This has been an exciting couple of months. We started off September by celebrating 26 years of marriage, Praise the Lord, and Faith's 15th birthday! We try to use this as an opportunity to invite people over to celebrate and build relationships. This year Faith had a few friends over that she has known for the last three years, it was sweet to watch them laugh and have fun even though they are all from different cultures and backgrounds. We thank the Lord for giving her this time. Faith was also able to get locked into a good futbol team which is great for her and helps us to meet new people.

In October, our oldest daughter, Abby, and her boyfriend, Ryan, came to visit us for two weeks! We had an amazing time showing them all around, the history, the culture and the people. We had a dinner with our neighbors while they were here and they made some of the traditional Cantabrian foods. It was such a blessing.

Our partner's, The Ruesgas', recently hosted an Iberian Peninsula Retreat in our area. We had attend a team from Snyder, Texas, a group of college students studying missions, and many missionary families from the Iberian Peninsula. We were given the privilege of hosting some of the college students in our home and helping with the preparation of the retreat. God showed up in BIG ways during this time. We were encouraged and fed. Thank you to those who invested in the future church by financially donating to help in purchasing audio and video equipment. Because of you the preaching and worship was amazing! And a huge thank you to everyone that gave their time and finances to come minister to us.

We continue to seek out opportunities to share the Gospel. We have been able, in the last month, to talk to more of our friends and neighbors about the Bible. We are hoping to see somebody surrender their life to the Lord soon. God has placed us in an area of northern Spain where the people are closed off to the Gospel message. They will tell you directly, "I cant talk about that." in a hushed tone. Many will walk away and you have now lost that open door you have spent years trying to get open. So, our intentionality is specific and detailed. It's important for us to share this with each of you so that you can understand that ministry looks different and requires a large amount of patience here. The good news is that we know God will do it and it is just a matter of time before we see His wonderful works.

We are thankful for each and every one of you.

## Prayer Requests

- That our visas would be approved soon.
- The Gaonas and the Perezs: two families that are planning on joining the team
- Our health
- The safety of our family back home.
- Pray for our ability to communicate well with the people around us.
- The people would have softened hearts and want to be saved.
