## to CANTABRIA, Spain

It's Finally Happening!!!

Church building

Our Church

Kids Class

English Class

Faith Rock Climbing

September 14th we had our first public meeting as a church in our home! Our first Sunday we had 35 people and after a few weeks it has grown to around 50. We are outgrowing our home quickly now! No one complains but there are many more that would like to come but the space is limited. Because of this we have been looking for a building to rent, one that would give us the space to grow and begin other ministries. After investigating many locations and buildings, our team found one just outside our city in a town called Miengo. It has a large space that could be used for a main worship area and some smaller rooms for Sunday school classes as well as plenty of parking and outside space for the youth. It's a great building and great location however, we are in need of prayer for God to work this out. This building belongs to the town's people and they need to vote to have a church in their neighborhood. If you remember, our areas are not exactly too keen on church/religious affiliations. They took a vote last week and it was a tie between a restaurant and a church. They are currently looking over the contracts and planning on another vote this week!!! Please pray that if this is the location God has for us that the vote would be in our favor and that we would be able to move in quickly.

Although this building brings many great opportunities for us it also carries many areas in need of repair, paint, windows, flooring, and all the little things. Please **pray** for Gods provision for everything that would be necessary to move in and thrive!

Aside from all the church and building excitement we have been busy with an English conversation class we started. We meet two days a week with one of the neighborhood kids. We have enjoyed working with him and his family. Please **pray** that this would be an open door to invite them to church as well (Juan Carlos, Lilian and Alonso). Katie has had fun teaching a couple of ladies how to crochet. It's something that brings them together and in the process allows them to encourage one another. Faith has been taking drum lessons and loving it. It's neat to see the hidden gifts and talents your kids have that you never thought of. Her recent hobby has been rock climbing in a gym with a few friends. We are loving seeing her branch out and grow.

Please continue to **pray** for God to work on the hearts of the unsaved here. We are continuing to stay connected with the people God has placed in our path along with getting together with new families and work on getting to know them. **Pray** for us in this endeavor so that we stay focused.

We Praise the Lord that our team has been able to share our testimonies and the Gospel message many times in the last two months. We have also been able to distribute more Bibles to the visitors coming on Sundays.

Blessings,  
The Andersons in Spain
