Answered prayers!

The political situation here in Madagascar changed quickly, but it seems to be calm for now. We are grateful to resume normal life and ministry. Please pray for current and future powers to be friendly to the Gospel as well as honor our 10 year visas.

Church

People were fearful to come to church during the riots, and we have been praying that God would bring the visitors back. Last Sunday we had two returning visitors and a new one! An older man we had met on the road came to church. Please pray for people to come and to know God!

The Children's Ministries...

...are going well. We have many repeat attenders as well as new children each time. Pray for us as we minister to them, that they would choose to trust in God, and that their families will desire to know God.

We did blood pressure outreach again...

...and got to talk with many people in our area. Another college student whom we've known for about a year helped with the blood pressure outreach this time. He was the most eager helper we've ever had! His zeal to connect with people and share the Gospel was energizing. He wants to attend the next ministry training module. Pray for these young adults who desire to minister.

English class starts...

...on November 8. We use key Bible stories to teach English vocabulary, as well as share the Gospel and invite people to church. We have given out many fliers for this and interest is high. Pray for hearts to be opened through this outreach!

Grand Opening

Much is being prepared for the church's cultural Grand Opening on November 2. Please pray for God to be glorified and for Him to work in hearts throughout all of the process.

Thank you

Even though we just sent out an update in September, we wanted to ask your continued prayer for all that God is doing. Please hold us in prayer to walk worthy as His ambassadors here. Every day we are grateful for your faithful prayers and support!
