December was wide open and full throttle with all the end-of-year activities. The Lord gave us the energy to finish 2024 strong and with our supporters' help.

Since 2022, our non-profit ministry Gospel Light GLM International has raised funds for capital projects and less fortunate children to receive a small gift and Christmas celebration. This year, we blessed nearly 750 children in 10 communities around Peru. The opportunity to share the Gospel with each child and family member who participated in these events was more important than the gifts. We are grateful to those who consider supporting these activities in addition to the regular ministry support we receive. Please visit www.gospellightglmintl.org to learn about the other opportunities available throughout the year.

Although mentioned briefly throughout the year, Homeschool GLM has been an integral part of our ministry in Peru since 2017. Our

students get a Christ-centered, individualized education that can be done anywhere in the world. This program was initially designed for national pastors and missionaries but has been expanded due to gender ideology in the public and private school systems and to assist students who do not “fit” into a traditional classroom setting. Please continue to pray for this ministry that we can be a blessing to these families.

As we transition gradually out of our full-time responsibilities in Manchay, we are spending more time preparing national workers for the ministry. Please pray for wisdom and direction as we teach in Bible institutes and seminaries both in Peru and Chile. We will be in the States during April, May, and June. Please let us know if you would like a personal visit while we are in. We can participate in your services virtually or via video at any other time of the year.

Christmas throughout the Dassow families was very different this year. It was the first time since 1995 that we had no children at home with us. Each has formed their own family or group of friends and has work, school, or other responsibilities that make traveling to Peru difficult. We connected virtually with them over the holidays and will see them when we are in.

We cannot adequately express our appreciation for your prayer and financial support during 2024 and the years prior. Happy New Year, and may God bless each of you.
