Jason & Lori

HOLT

Chile Church Planter & Latin America Director for VBM

Serving Since 2001

MAY 2026

Urgent Need: A Church is Losing Its Building

Last March, Peace Baptist Church held its first official service after nearly two years of holding Bible studies in a spiritually needy area of Santiago. They inaugurated the church plant with 32 regular attendees. Now, one year later, they have more than doubled their weekly attendance! People are being saved and baptized. They held their 1st anniversary service outside because the building was not large enough to hold the crowd that attended.

During this time of spiritual blessing, the owner of their rented building sold the property. The new owners have given Pastor Claudio and the members of Peace Baptist Church notice to vacate the property.

We are trusting that God is providentially closing one door and opening another. **We are praying that God would provide $150,000 within the next 4 months for us to purchase property for this church. Please pray urgently with us.** If you would like more information, please contact us. If you would like to give toward this need, you can send your gift to: Vision Baptist Missions, PO Box 647, Dawsonville, GA 30534, *Memo: Chile Church Planting - Peace Baptist*.

Week of Missionary Training

Our first stop on our 4-month furlough was the Wilds Camp in North Carolina. Our missions agency, Vision Baptist Missions, hosts an annual week of training for all the stateside missionaries on deputation and furlough. Lori and I both spoke several times in different sessions. We are thankful to see God continue to call men and women to the field, and we are thankful to share principles from God's Word that we have learned during these past two and a half decades on the field.

We are praying for more missionaries! We need more laborers in Chile, Latin America, and across the world. If you are interested in serving overseas or have questions about the next step, please send us an email at jason@connectchile.org. We would be glad to help you in any way possible.

Random Highlights

- One of the teens who visited us last month in Chile is now praying about being a missionary. Please pray for God to lead him.
- Lori and I were able to visit our daughter and son-in-law in Texas for a few days. We are thrilled to see how God is using them at their church and Christian school. While in Texas, I gave updates about the ministry in Chile at two supporting churches.
